

JVS-FRT-T5

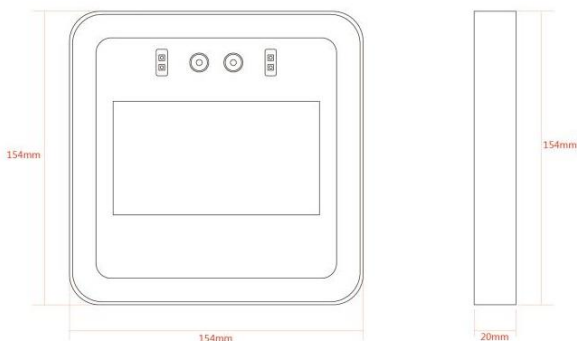

Cloud Time-Attendance Access Control System

Key Features

- Face Anti-spoofing, Live Detection;
- Face Recognition time < 1 second;
- Can detect 5 people at the same time
- Support access control function
- Night infrared, RGB LED light

Dimension

Specification

Hardware Specifications

Hardware platform	High-performance SOC chip
Flash	8 GB
Camera	4.3mm lens,2.0MP resolution

Operating System

Operation System	Linux
------------------	-------

Recognition Function

Identification Method	Face Recognition
Verification Speed	< 1second
Face Database	5000 faces
Recognition Distance	0.3~2m
Recognition Accuracy	≥99.7%

Interface

Internet	TCP/IP: 10/100 Mbps, RJ45 Port
Wi-Fi	Support
USB	Support(Micro USB× 1)
Alarm Input/Output	Support
RS485	Support
Wiegand Output	Support (WG26/34) configurable
Audio Output	Built-in Speaker

General

Display Screen	5-inch IPS LCD,1280*720
Touch Panel	Support
White Led Light	Support
IR Light	Support
Upgrade Button	Support
Recovery Button	Support

Others

Power Supply	DC12V 2A
Working Temperature	-20℃~60℃
Working Humidity	10%~90%
Installation	Wall Mounting
Dimension	154×154×20mm
Weights	730g
