

SP-03

Automatic Temperature Detection & Sanitization 2-in-1 Device

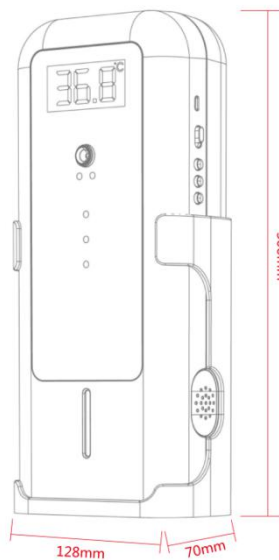

Specifications

| Detector | |
|----------------------------|--------------------------------|
| Temperature Measuring Mode | Infrared Induction |
| Temperature Unit | Celsius (°C) / Fahrenheit (°F) |
| Measuring Distance | 1.5cm |
| Measuring Time | 2 Seconds |
| Temperature Measurement | 32°C~42.9°C (89.6°F~109.2°F) |
| Accuracy | ±0.2°C |
| Audio | Built-in Speaker |
| High Temperature Alarm | Support |
| Voice Broadcast | Support |
| Sanitizer | |
| Type of Liquid | Hand Sanitizer |
| Liquid Way | Infrared Induction |
| Bottle Capacity | 300ml |
| General | |
| Power Supply | DC5V 2.1A / 4x AA Battery |
| Max. Power | 3W |
| Product Material | ABS+PC |
| Working Temperature | 1°C~35°C (33.8°F~95°F) |
| Storage Temperature | -20°C~55°C (-4°F~131°F) |
| Humidity | <85% |
| Installation Method | Bracket /Wall-mount |
| Weight | 600g |
| Product Size | 128x70x30mm |

Key Features

- IR Temperature Detector
- Real-Time Voice Broadcast
- High Temperature Alarm
- Automatically Sense Rinse-Free Hand Sanitizer
- Celsius to Fahrenheit Change Button.
